Construction shall be of acceptable standard practices and comply with the city zoning and building codes. The issuance of this permit is not a guarantee by the City that the sizing, quality, and installation of materials and/or equipment are correct. This also applies to the final inspection or Occupancy Permit. The liability for any malfunction or inadequate performance of any equipment or materials is the responsibility of the contractor, designer, and/or owner.

The City reserves the right to request any changes it feels necessary at any time, whether or not the changes are shown on the approved plans.

FEES	Residential	New Residence	\$100.
		Remodeling/Upgrade	\$50.
	Commercial	Occupancy Permit or Final Inspection	\$35.
		Sewer Connection to Main	\$100. (\$5000. Bond required)
		\$2.5Per \$1000. (Minimum of \$100) + \$500 deposit for review	

TIME LIMITS New construction or extensive renovation project shall be limited to 6 months.
Out buildings, swimming pools, similar additions shall be limited to 2 months.
Deck or fencing additions shall be limited to 1 month.

Projects perceived as requiring completion times different than those listed must be referred to the Board of Aldermen.

Failure to complete the project within the prescribed time will result in a \$50.00 per day penalty unless good cause such as weather or other accountable reasons that can be well documented and presented in written form to the Building Commissioner for approval.
